NATCHEL, SONNY, NATCHEL!

From the new 1938 Natural Chilean Calendar

Uncle Natchel says that's everything in Sonny's learning

Chilean Nitrate of Soda is natural - the only natural

nitrate. For over 100 years it's been a dependable source of

nitrogen for nearly every crop that's grown. Now we're

learning the importance of its other vital elements, such as

iodine, boron, calcium, magnesium, manganese, potash, zinc,

iron, copper and many others. Chilean Nitrate of Soda carries

these vital elements in Nature's balance and blend.

And be sure of natural halance in your nitrate, too!

Natural balance! That's the secret.

"Folks," says Uncle Natchel,

"dat's de secrut, Natchel balance

an' blend - dat's whut counts."
